BOARD ASSURANCE REPORT

(JANUARY 2018)

1. Introduction

The Board Assurance Report is produced on a monthly basis to inform the Board of compliance against key local and national indicators as well as commenting on key issues within the Trust.

2. Overview

The Board Assurance Report provides further evidence of compliance, non-compliance and/or risks to the achievement of the required thresholds within individual indicators. The report also highlights key actions and progress in addressing any shortfalls.

3. Key Priority Areas

The report is divided into the following six key priority areas:

- **Safety**
- **Patient**
- **Operational Excellence**
- **Workforce & Leadership**
- **Finance**
- **Strategy**

Headline narratives provide context to the above key priority areas, stating current issues, identifying where progress is 'good', identifying future challenges and risks, and commenting on the latest developments around performance of the various indicators.

The narrative is provided by the person(s) accountable for the individual priority areas.

'Guidance Notes' are also included to support the interpretation of the data presented each month.
