

1. Launch Internet Explorer in a new window (i.e. desktop shortcut)
2. From the home screen click on the cog wheel button (settings) and select Internet options from the list:

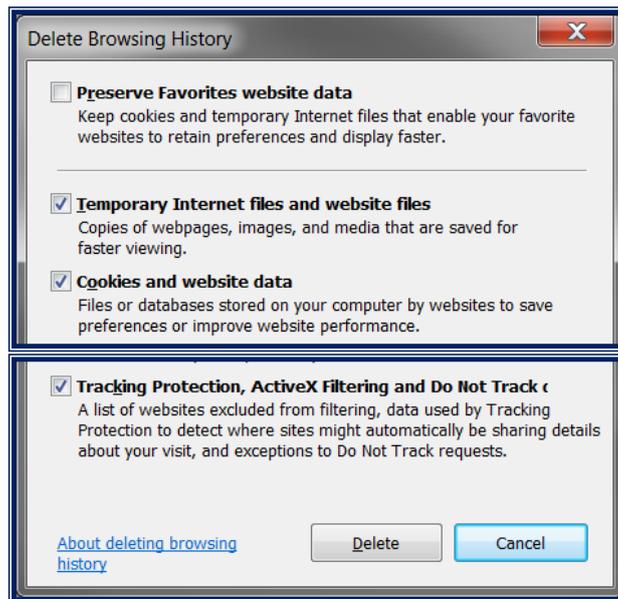

3. On the 'General' tab, under 'Browsing history' section click on 'Delete...' button:

4. On the next screen please select the following options:

- ✓ Temporary Internet files and website files
- ✓ Cookies and website data
- ✓ Tracking Protection, Active X Filtering...

5. Click on 'Delete', depending on system it might take few seconds until completed.  
Close the Internet Explorer window and proceed as normal.
