

## Division of Laboratory Medicine

Immunology

### PLA2R Antibodies

#### General information

This test is referred by us to the Protein Reference Unit at Sheffield. A request for this test on ICE will also generate a label for a TSP7a which is performed in Renal Research Laboratory MFT. Please take two samples and attach a label to each.

For further information see the Protein Reference Unit at Sheffield:

<https://www.immqas.org.uk/pru.asp?sa=pla2r>
