

BENIGN HEPATO-PANCREATO-BILIARY MDT REFERRAL PROFORMA

The **Benign** HPB MDT is held at 12:45 on Mondays, The cut off for external referrals is **09:30** hours, Referrals received after this time will be listed for the following week.

Please note that referrals will only be discussed if the **imaging** is within **2 weeks** for current inpatients and **3 months** for outpatients.

Malignant or **pre-malignant** conditions, i.e. pancreatic cystic neoplasm, require referral to the HPB cancer MDT.

NB It is the referring clinicians' responsibility to request a transfer of imaging through PACS, contact your local PACS team to facilitate this. NB This may take 24-48 hours to be transferred

Please complete and email (using a secure email i.e. nhs.net accounts) to MFT.HPBBenignMDT@nhs.net
Please use this email address for **ALL** correspondence
