Treatment total: £ _____

Terms

- On occasion you may have excess embryos from your treatment that are suitable for freezing. If you would like to freeze these embryos for use in future treatment the cost of this is £355 which includes storage costs for the first year.
- You will be billed for this prior to the start of your treatment. In the event you have no embryos frozen you will be refunded the monies (£355). You can contact the Fee-Paying Co-ordinator directly on the below number for this refund.
- There is also an annual storage fee of (£127) and you will be invoiced annually for this fee.
- In the event that you fail to pay the annual storage fee of £127 the department will be unable to release your embryos until all outstanding storage fees are paid.
- Our cancellation policy for refunds is as follows.

Cancellation Rebates: this rebate applies to all cancellations for clinical reasons including Covid-19 related cancellations.

IVF if cancelled prior to egg recovery	£2,536
IVF with ICSI if cancelled prior to egg recovery	£3,468
IVF or ICSI if cancelled after egg recovery (if no embryo transfer)	£ 507
Frozen Embryo Transfer if embryos do not survive thaw	£ 507

- If a cycle is cancelled or if you do not use all your medication the drugs cannot be returned and refunded.
- This quotation is valid for 3 months from the date of this letter.
- The fee for consultation and pre-treatment screening is to be paid prior to booking. Payment for treatment must be made before medication is delivered to you. Medication will not be delivered until payment is received.

Yours Sincerely

Fee Paying, Donor and Satellite Co-ordinator
