

## Nursing, Midwifery and Allied Health Professional Research Fellowships

### Call For Applications

MFT has been supported by Trust Charitable Funds to develop a number of Research Fellowships for nursing, midwifery and allied health professional staff employed by the Trust. Three Fellowships are available for early career researchers, detailed below. This offers an excellent opportunity for MFT nursing, midwifery and allied health professional staff to develop a clinical academic career.

#### **Pre-Doctoral Clinical Academic Fellowship**

This is an excellent fully funded opportunity to develop a competitive PhD application through supervision, training and funded research time. This fellowship is offers backfill for up to 50% FTE funding over one year or 25% FTE over two years (up to a maximum of £20,000 including on costs), plus up to £2000 training budget. This Fellowship is run in collaboration with The [NIHR Applied Research Collaboration in Greater Manchester](#) (ARC-GM).

#### **Fees Only Doctoral Fellowship**

This Fellowship is only available to MFT Consultant or aspiring Consultant NMAHP staff wishing to enrol on a University PhD/Professional Doctorate programme (funding available – up to £15,000).

#### **Post-Doctoral Clinical Academic Fellowship**

The Post-Doctoral Clinical Academic Fellowship is aimed at MFT staff only, to enable them to develop a post-doctoral level application for further research funding (funding available – up to £30,000).
