I have no additional employment but I undertake private practice on ad hoc basis

BMI Alexandra Hospital MC Clinic

I sometimes do offer Independent Speech and Language Therapy Sessions as a Sole Trader. I have not done this since July 2019 but continue to have the capacity to do it. I have consulted with the Community SALT Manager for children and follow their guideline of not working with children in the MFT catchment area as this may present a conflict of interest. In addition I am about to start a placement as a Trainee Adult Psychotherapist at Manchester Institute of Pscyhotherapy. I will be working with Adults who seek therapy and do not feel that this overlaps with my role in MFT.

British Association Of Cardiovascular Rehabilitation and Prevention Charity Organisation

Not really an employer. As submitted, Director of Fortify Clinic Ltd and Partner at Manchester Urology LLP

Manchester Urology LLP Manchester Urology LLP

I have worked with the manufacturers of pharmaceutical products namely Urgo, Rivoroxiban, MDSAS, Cook Medical and Oracle. I have no financial relationship with Oracle or MDSAS but have been paid to do presentations by Cook Medical, Urgo and the makers of Rivoroxiban. These presentations have been about MARS and stating they are sponsored by the companies involved, contracts have been signed and provided to my management teams. Cook Medical and Oracle have provided support for the MARS project by providing management and health economist support free of charge. No discussions with their sales team have been had no products in particular have been discussed. My product discussions regarding the Urgo and the makers of Rivoroxiban are only those that are already on the formulary and recommended by NICE i.e. I do not endorse products that have not been recommended by NICE. The presentations given on behalf of companies number 1-2 per year.

	I am training to be an integrative counsellor and when diploma is complete I may see clients in my private practice which will be outside of working hours. My line manager is aware of this training. It does not conflict with my work but enhances my skill set. Currently I am seeing clients on a voluntary basis to fulfil the practice hours required for the diploma.
	I also work at North Manchester General Hospital. My employer was Northern Care Alliance but post the merger on 1/4/20 this is now covered by MFT I also do occasional locum shifts at Preston Hospital. The employer is Lancashire Teaching Hospitals NHS Trust.
	The University of Manchester
sch	I am actually NOT EMPLOYED by Manchester University NHS Foundation Trust I work part time for MUFT who pay University of Manchester for my time. My employers are actually University of Manchester . I also do private practice at Optegra, Spamedica in time as part of my job plan
on,	Optegra Spamedica
