MyMFT

Healthcare in your hands

MyMFT is our patient portal and mobile app, connecting you to your medical information at **Manchester University NHS Foundation Trust (MFT)**.

As a patient's parent or carer, you can use MyMFT to securely manage their information as a **'proxy'**!

Ask us about MyMFT and proxy access at your next appointment!

With MyMFT, you'll have more access and control over this information than ever before!

- View appointments and letters
- Attend video appointments
- Keep track of important medical information, such as test results for you and those you care for
- Complete pre-visit tasks, **and more!**

Remember:
MyMFT
doesn't replace other
healthcare apps such as
Patient Access, MyGP
or the NHS app.

Your MyMFT questions answered!

What health information can I find on MyMFT?

MyMFT gives you access to medical information relating to care received at our Trust hospitals, including:

- Altrincham Hospital
- Manchester Royal Eye Hospital
- Manchester Royal Infirmary
- North Manchester General Hospital
- Royal Manchester Children's Hospital
- Saint Mary's Hospital
- Trafford General Hospital
- University Dental Hospital of Manchester
- Withington Community Hospital
- Wythenshawe Hospital

How can I use MyMFT?

To use MyMFT on your phone or tablet, download the "MyChart" app. When asked "Where do you receive your healthcare?" select Manchester University NHS Foundation Trust (MyMFT). You can also access MyMFT on a computer by visiting my.mft.nhs.uk

Do I have to use MyMFT? Will my care be affected if I don't?

No, you do not have to sign up for MyMFT and your access to care will remain a priority. We understand not everyone will want, or be able, to use an online portal. Existing non-digital forms of communication, such as paper letters will remain in place.

Can I sign up to MyMFT on behalf of my child or as a carer?

Yes, parents, relatives or carers can be given access to MyMFT to manage a dependant's care. This is called "proxy access". You can find out more by visiting www.mft.nhs.uk/mymft/proxy-access or by speaking to a member of staff at your next appointment.
