## Dr Neeraj Bhardwaj

I joined as a Consultant Anaesthetist in 2006 at Trafford general Hospital. It was a moment of pride to join the World's Envy "NHS" at the First NHS Hospital. In my journey since then I have seen many ups and downs, Mergers and acquisitions, With a single ambition of improving patient care in Primary, Secondary and Tertiary care. In my 17 years journey I have acquired qualifications (*MBA in international Hospital and Healthcare Management from Frankfurt School of Finance and management*) and Experience (*Audit Lead at Trafford, Acute Pain Lead at Trafford, Preop Lead at Trafford, Chairman at Department of Anaesthesia at oxford Road site, previously, and Currently Chairman of MFT Hindu Network, along with being involved in undergraduate and postgraduate teaching and education.*).

If elected to position of staff governor, I will contribute towards representing the interest of all members of staff to the Board of Directors. These are very crucial times in the history of NHS and we need to work together to find novel ways to deliver health for all , **public patients and staff**, within the limited means. News around us is full of staff attrition due to ill health, burnout, early retirement and migration. I promise to have regular meeting with all staff members to pick up the issues affecting them and communicate and lobby with other governors to mitigate and improve those issues to make MFT a better place to work. Lets pledge to work together to make Manchester panacea of HEALTH AND WELLBEING.

Thanks.
