Ali Parsi

I have a deep passion for our NHS Foundation Trust and the vital role it plays in providing exceptional healthcare services to our community. As a dedicated member, I have witnessed first-hand the impact our Trust has on the lives of patients, their families, and the wider community. I am motivated by the opportunity to actively contribute to the continuous improvement and development of our healthcare system.

One of the key reasons I aspire to be a governor is my belief in the power of effective communication and representation. I am committed to serving as a bridge between our Trust's members, including patients, carers, the public, stakeholders, and staff, and the Board of Directors. I will actively engage with members and listen to their perspectives, concerns, and ideas, ensuring that their voices are heard and their interests are represented.

I bring a diverse range of skills and experiences to this role. With a background in Diagnostics Laboratories I have developed strong analytical, problem-solving, and decision-making abilities. Additionally, my excellent interpersonal skills enable me to build relationships and work collaboratively with a wide range of individuals and groups. I am a good listener, open-minded, and empathetic, qualities that will enable me to understand the needs and aspirations of our diverse community.

I have a genuine interest in healthcare and a deep understanding of the challenges and opportunities we face in providing high-quality, accessible, and patient-centred care. I am dedicated to contributing to improvements in these areas within our Trust.

Geraldine Thompson

I have had the privileged of serving as your elected Staff Governor for the past three years during which I have fulfilled my role with passion, energy, and drive. During the last three years, I have worked hard to bring concerns voiced from staff to the relevant Trust Officers and on their behalf, questioned and raised concerns ranging from the impact of the cost-of-living crisis on staff, staff car parking and health and well-being resources and support. Whilst raising the profile of our membership I was also elected in as Lead Governor, which meant I had to ensure a correct balance between that of delivering a staff voice, and the commitment to the Lead Governor role. I believe I navigated those extra commitment's wholeheartedly and demonstrated this by significantly contributing toward Non-Exec and Chairman appraisal processes, sitting on interview panel's for Non-Exec appointments, chairing nomination panels which inspect organisational

process and seeks assurances around the appointment of MFT's auditors, procurement and finance - you may also have seen me deliver the Annual Members Meeting update via film during COVID. I have been a strong and experienced voice advocating on behalf of the membership I represent and as we navigate the continuing period of uncertainty, with external social factors translating themselves into pressures on the NHS, affecting recovery and workforce, I hope that once again, you will allow me to continue being 'your voice' for a further term of office.
