Feedback

Not enough room when using barbells

We did:

Unfortunately at the Forum the air conditioning is linked to the main gym and not controlled within the room

We have bought more free weights and no longer use the barbell. This means more space to exercise in the class

Some education not relevant

Smoking cessation if  
non-smoker or quit smoking

Nutrition advice already doing it

We did:

The education topics are reviewed regularly for  
both topic and content

As a group class we try to target the majority of  
patient issues but there may be times a session  
isn't relevant

We will try to inform patients a week ahead what  
the topic is
