Record of eye drop regime and plan of care

Name:

Address:

Date of Birth:

Hospital Number:

Consultant:

G.P.:

Please keep this leaflet safe and bring it with you when keeping an appointment at Manchester Royal Eye Hospital.

If you are unsure of your eye drop regime or are having any difficulties, please contact:

The glaucoma specialist nurses on (0161) 701 4819
Monday-Friday 9.00am - 5.00pm (answer phone available).

Or

Your consultant's secretary on telephone number (0161)
Monday –Friday 9.00am – 4.00pm

Repeat prescription information

Continue your treatment until your next clinic appointment unless you have been told to stop them beforehand.

Do not run out of your eye drops.

Always order a repeat prescription from your GP in advance. When you come to clinic we will assess whether you can continue your treatment or whether we need to make changes.

We need to know if your eye drops are working so it's important to ensure you have put them in on the day you come to clinic as normal.

We are unable to issue repeat prescriptions at the Eye Clinic. Please make sure that you have ordered a repeat prescription from your GP. You can collect this on the way home when we confirm that you are continuing your treatment. If we do need to give you additional medication, we will be able to give you a prescription for that in the clinic, which you must collect at the hospital pharmacy. Your GP will be informed of this.

Details of ophthalmic condition/glaucoma

Allergies or discontinued medication due to side-effects
