You can drive to the Eye Hospital in the car

You can get the bus or train

Welcome to Manchester Royal Eye Hospital

Clinic H

Please check in to Clinic H reception

Waiting Area

In the waiting area you can:

- Use your mobile phone and portable games/tablets.
 - Read books.
 - Watch TV or a DVD.
- Draw or colour in pictures

It might be busy and noisy, you can:

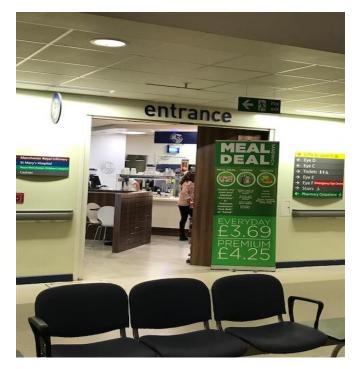

Play with other children in the Waiting room and make new friends

You can ask for a pager and sit somewhere else

Are there places to buy drinks/snacks?

Yes there is a café in the Eye hospital

There is also a shop outside the Eye hospital

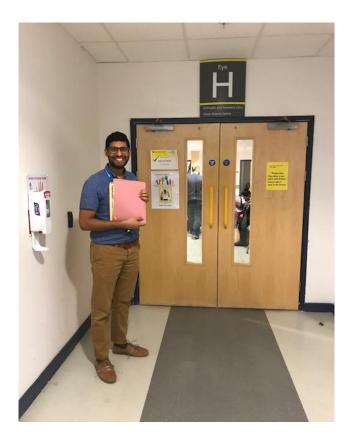

REH 252 TIG 89/18 Produced June 2018 Review: June 2020 Page 5 of 11 www.mft.nhs.uk

First you will see one of our Orthoptists

Orthoptist

Eye Test

We will check your vision

We will check how well your eyes work together with different games

Nurse

You might see one of our nurses

Eye drops

You may need eye drops

- They feel cold when they go in but if you count to 10 it will feel better
- They make the black part of your eye (pupil) **very** big and your eyesight a bit fuzzy.
- This is so we can look inside your eye
- They will blur your vision for up to four hours

Optometrist

When your pupil is **very** big you may see one of our Optometrists:

They will look in your eyes to see if you need glasses using a bright light

Doctor

The last person to check your eyes will be the doctor

They may look at the back of your eye with a lens.

Or

Check your eye pressure

Home

When you have finished you can go home.
