Manchester Royal Eye Hospital

Information for Patients

Community Urgent Eye Service (CUES)

Provided by primary care Optometrists

A service has been set up so patients can access free urgent NHS care at an Optometry practice. There are many practices delivering this service, so you should not have to travel far.

A network of Optometrists in Manchester and Trafford has been working with Manchester Royal Eye Hospital to create a service which allows Optometrists in the community to assess and treat patients. Some Optometrists have equipment to take scans of the eye and others have had additional training to allow them to prescribe eye medications. The service has been set up so optometrists can share information with the hospital to get an extra opinion when required. Sometimes patients may be sent onto the hospital if further care is needed.

If you have an urgent eye problem, please look through the list of optometry practices at the end of this document, and contact a practice using the telephone numbers provided in the table.

When you call, you will be asked a number of questions about your eye problem and your general wellbeing. This will help decide whether you need a face-to-face appointment or a telephone or video consultation.

The optometry practice will follow social distancing guidelines and have Personal Protective Equipment (PPE) to use.

If you have coronavirus, have coronavirus symptoms or are self-isolating please do get in touch using the contact details below if you have an eye

emergency – the practice will provide advice best suited to your individual situation.

There are a number of areas across Greater Manchester where this service is running, they are listed below.

- Manchester
- Trafford
- Oldham
- Bolton
- Bury
- Heywood Middleton and Rochdale
- Stockport
- Tameside and Glossop
- Wigan
- Salford

If you live in one of these areas, excluding Salford, we recommend you visit this website to help find which Optometrists in your area are offering free urgent eye care. You can search using your postcode on this website. <https://primaryeyecare.co.uk/find-a-practice/> . You will find contact details of a practice close to you, you will need to call them and explain the problem with your eye.

If you live in **Salford**, this service is provided by Operose Health over the telephone or at two clinics at Walkden and Pendleton gateways, please contact 0161 2590595.

Please scroll to the next page for details of practices in Manchester and Trafford.
