# Support group for women

### Would you find it helpful to talk to other women undergoing fertility treatment?

If so, you might like to consider joining our Women's Self-Help Support Group. This group provides an opportunity for women to meet in a confidential and supportive environment where you can talk and share experiences.

The group meets fortnightly on a Wednesday for one hour between 1.30pm and 2.00pm. The session is usually held in the Counselling room and is currently restricted to 8 members at any one time. When a member leaves the group, a new member is invited to join.

Please note that the group are currently meeting online via Microsoft Teams until further notice.

If you would be interested in attending, please contact Ann Curley or Beverley Loftus via our main reception number **(0161) 276 6000 (Option 7)**. Alternatively, please complete and return the slip below to receive more information.

**Please complete the reply slip overleaf and hand it in at the reception desk or by post to:**
