Frozen Embryo Transfer if embryos do not survive thaw	£549
Embryo Freezing – If nothing to freeze following treatment	£384

Terms and Conditions:

- Appointment fees need to be paid at the point of booking.
- If you cancel your appointment in advance, the full amount will be refunded back to you. If you cancel with less than 24 hours' notice, a £50 admin fee will be applicable.
- Any pre-treatment screening fees need to be paid at the time of booking.
- If you cancel any pre-treatment screening in advance, the full amount will be refunded back to you. If you cancel with less than 24 hours' notice, a £50 admin fee will be applicable.
- If you decide not to proceed to treatment after your pre-treatment screening, you will not be entitled to a refund for any completed tests.
- The costed treatment plan is valid for 3 months from date of issue.
- Your costed treatment plan needs to be paid in full before you can start treatment.
- We do not offer any finance or payment plans.
- We do not accept bank transfers for payment.
- We do not accept payment using American Express or pre-payment insurance cards (e.g. Carrot)
- You will receive a receipt and payment confirmation letter once treatment has been paid in full.
- Payment for treatment must be made before medication is delivered to you. Medication will not be delivered until payment is received. In addition, Medication cannot be collected from the pharmacy until payment has been made either at Old. St Mary's reception, or over the phone with the fee-pay co-ordinator. If medication needs to be collected out of office hours, the fee-pay co-ordinator will arrange a call the next working day to settle the outstanding payment.
- **We will provide you with the amount of medication you are likely to need for your treatment cycle, without incurring any undue waste. As you progress through treatment, if extra medication is required, the cost of this will be billed separately.**
- Payment for additional medication is paid direct through the fee-pay team, the standard prescription charge is not applicable.
- If a cycle is cancelled or if you do not use all your medication, the drugs cannot be returned or refunded.
- If you chose to cancel any treatment cycle before starting, it will be subject to a £50 admin fee, less the medication cost, if the prescription has already been collected/delivered along with any completed investigations.
- **On the day of your procedure, in some instances your treatment may need to be converted (for example, IVF may need to be converted to ICSI or converted to a freeze all with no transfer) In this case, any additional costs will be billed separately and the costs for this can be found in the treatment table above.**

- Unless otherwise stated on your costed treatment plan, Frozen Embryo Replacement (FER) cycles are **not** included with a fresh IVF or ICSI cycle. If your IVF or ICSI cycle is converted to a freeze all, with no fresh transfer, a rebate will be applied from the first FER cycle following this, as per the above rebate table.
- You may have excess embryos from your treatment that are suitable for freezing. If you would like to freeze these embryos for use in future treatment the cost of this is £384 which includes storage costs for the first 12 months.
- You will be billed for this prior to the start of your treatment. In the event you have no embryos frozen, you can request a refund of £384, or the cost can roll over to future treatment.
- Following the initial 12-month storage period, you will be billed annually to continue storing your embryos/gametes. If you fail to pay the annual storage fee, the department will be unable to release your embryos until all outstanding storage fees are paid.
- Please be aware that the Reproductive Medicine Department, Saint Mary's Hospital, reserves the right to amend prices without notice. The prices stated above can only be guaranteed where payment has been received in full.

Complaints:

- If you wish to make a formal complaint, please email IVF.Feepaying@mft.nhs.uk with 'Formal Complaint' in the subject line.
- In the body of the email, you will need to include your full name, NHS number, contact details, the nature of your complaint, any questions you may have and how you would like this to be resolved.
- This will then be reviewed by the Fee Pay Coordinator, to see if this can be resolved locally within 15 days of acknowledgement. A formal complaint will be escalated to higher management, and you will receive a resolution in 30 days.
