

Become a Member of our NHS Foundation Trust

Manchester University NHS Foundation Trust (MFT) was formed on 1st October 2017 following the merger of Central Manchester University Hospitals NHS Foundation Trust (CMFT) and University Hospital of South Manchester NHS Foundation Trust (UHSM).

MFT is one of the largest Foundation Trusts in the UK and we are responsible for running a group of nine hospitals across six separate sites, providing a wide range of services from comprehensive local general hospital care through to highly specialised regional and national services.

We believe that good health services are vital to every local community and that our hospitals provide a modern, dependable, first-class healthcare service to the residents of Manchester, Trafford, Greater Manchester and the North West that we can all be proud of.

We're making things better for everyone – get involved and help us!

- Tell us how we can improve hospital services now and in the future.
- Vote for Governors (elected representatives) who will help us to develop the local services you want to see.
- Read our newsletters and come along to member meetings and events to find out more about our hospitals and services.

Being a member of our NHS Foundation Trust gives you the opportunity, through your elected representatives (Governors), to shape our future. This is your chance to ensure we develop and deliver health services that meet your needs and those of your family. Membership is completely free and open to anyone aged 11 years or over who lives in England and Wales. Joining is easy, just complete a Membership Application Form which is available by:
