

North Manchester Site Redevelopment Programme Multi-Storey Car Park and Cycle Hub planning consultation – Feedback form

Please contact us if you would like this information in a large print format or in other languages.

We are sharing information about our vision for the site and some of the early enabling works that we are proposing on site including a new Multi-Storey Car Park and Cycle Hub. This feedback form provides you with the opportunity to share your comments and ideas about the changes proposed to deliver the vision.

The feedback form may be completed by organisations, representatives and individuals including public, staff, patients and visitors. There is more information online as well as an online version of this feedback form for you to complete.

Please visit <https://mft.nhs.uk/transforming-the-future-at-north-manchester-general-hospital/multi-storey-car-park-and-cycle-hub/> or email us at nmredevelopment@mft.nhs.uk. If you have any questions or need further information please call us on 0161 276 1234.

Feedback will be completely anonymous. Completed feedback forms will be independently analysed. The comments that you share will be considered and presented in a Statement of Community Engagement submitted with the planning application to Manchester City Council. All completed forms, whether online or via another means, should arrive with us by **20th November 2020**.

Section A: About you

Which of the following applies to you? *(please tick any that apply)*

- ☐ Patient
- ☐ Visitor
- ☐ Member of the public
- ☐ Staff member**
- ☐ Elected local representative**
- ☐ Representative of a local group or voluntary group**

**If you are replying on behalf of an organisation or as a NHS employee, if you are happy to do so please state the name of the organisation below:

Please confirm if this is an official response from the organisation:

Yes ☐ No ☐

If you are responding as an individual, please provide the first three letters and numbers of your postcode. If you are responding as an organisation, please provide the first three letters and numbers of your organisation's postcode - this should be the building you are registered at. (We need this information to meet the planning requirements and ensure your feedback is included.)

Postcode (*first three letters & numbers only*): _____

Section B: Questionnaire

Site Vision

Q1. We are sharing our ambitious vision for the overall redevelopment of the hospital site which includes proposals for a new acute hospital, a modern mental health hospital, a well-being hub, an education hub, a new residential neighbourhood with a focus on healthy ageing, commercial space and a village green.

Do you support the overall vision for redevelopment of the NMGH site? (*tick one box*)

Yes ☐ No ☐ Unsure ☐

Multi-Storey Car Park and Cycle Hub

Q2. In parallel with the overall site redevelopment plans, we are preparing a full planning application to allow some early works to take place in the northern area of the hospital site. The plans include a new Multi-Storey Car Park to bring together some of the existing surface car parking for staff, visitor and patient parking and a Cycle Hub to improve green travel opportunities. This will also help us to manage car parking whilst the wider hospital improvements and redevelopment plans take place.

Do you support our plans for consolidating some of the surface parking into a new Multi-Storey Car Park? (*tick one box*)

Yes ☐ No ☐ Unsure ☐

Sustainability and Zero Carbon principles

Q3. At the heart of the redevelopment plans is the principle of contributing positively to the City Council's road map to net Zero Carbon by 2038, including promoting sustainable travel to and from the site. The new Multi-Storey Car Park includes a new Cycle Hub with cycle storage and changing facilities. There are also a number of electric vehicle charging points proposed.

How important are these facilities to you, on a scale of 1-5, with 1 being not important to 5 being very important?

Facilities	Order of importance (<i>circle a number in each row</i>)				
Safe storage facilities for cyclists	1	2	3	4	5
Changing facilities	1	2	3	4	5
Electric vehicle charging points	1	2	3	4	5

Please share with us any further ideas or comments

Thank you for your time

Please return this feedback form to arrive by **20th November 2020**.
